Trophy SE

\$18,999.00 †

PRODUCT INFO

OVERVIEW

Eating long distances in supreme comfort is what the Trophy does best. Added to that is its amazing ability to transform into a motorcycle that is equally happy to tackle the twisty roads. With the Trophy SE we took the already extensively equipped Trophy and upgraded it with electronic suspension and added a host of features including a high quality sound system with Bluetooth® and iPod connectivity.

The result is the ultimate in touring bike luxury, with the most comprehensive levels of equipment ever seen on any Triumph. All paired up with the sharpest, best handling chassis in the class and a muscular, torque laden 1215cc engine steeped in three-cylinder character.

In addition to the Electronic Suspension and Bluetooth® audio system, the Trophy SE adds our TPMS Tyre Pressure Monitoring System, a USB port, and an additional 12v power socket.

ENGINE

Performance

The beating heart of the machine, this spirited engine delivers excitement on demand; no need to wait for the revs to rise or be forced to kick down a gear at the wrong time. You'll feel it and you'll hear it as the infamous Triumph Triple delivers its inimitable, spine tingling sound.

The 134PS, 1215cc three-cylinder engine pumps out 120Nm of torque, which spreads the power throughout the rev range giving you effortless acceleration and smooth cruising. The ride-by-wire throttle system makes sure that you get exactly the torque you want and expect with precision and smoothness - important in a bike designed for long distances.

Fuel Efficiency

Spending more time on the road and less time at the petrol station is important to any rider. The Trophy's efficient engine and tall 6th gear provides relaxed cruising and impressive economy with 69.2mpg at 56mph, and 54.5mpg at 75mph. The tank is a capacious 26 litres allowing well over 250 miles between refills.

Shaft Drive

The Trophy SE features a low maintenance shaft drive for trouble free touring.

Torsional Damping System

We've even included a torsional damping system to transfer power from the gearbox to the shaft through a sprung bevel gear, and a metalastic universal joint for an exceptionally refined power train.

ENGINE	
TYPE	Liquid-cooled, 12 valve, DOHC, in-line 3-cylinder
CAPACITY	1215cc
BORE	85mm
STROKE	71.4mm
SYSTEM	Ride by wire, fuel injection
EXHAUST	Stainless steel 3 into 1, side mounted stainless steel silencer
FINAL DRIVE	Shaft Drive
CLUTCH	Wet, multi-plate
GEARBOX	6 Speed Constant Mesh
OIL CAPACITY	1.1US Gallon

CHASSIS

Frame

Hidden beneath the sleek, protective bodywork is a rugged, stiff but light aluminium beam frame, capable not just of carrying heavy loads but enabling very precise and agile handling too. The enormous 239KG payload makes light work of heavy loads.

Triumph Electronic Suspension

Electronic suspension on the SE gives you the plush ride you'd expect from a luxury touring bike. Using the left handlebar switches and intuitive dash menu system you can alter the damping front and rear and the rear spring preload to cope with the full range of loads from unladen solo to full luggage and two-up, as well as adjusting for riding style from comfort to sport.

Handling

With its exceptional wheel control you can take full advantage of the outstanding agility. It's very comfortable, of course, but it also handles like no other touring bike to make twisty back roads satisfying and fun.

Riding Position

We focussed on long distance comfort for you and your passenger so handlebars and footrests are positioned for an upright and very spacious riding position, front and rear.

Adjustable Seat Height

We made the seat on the Trophy SE as supportive as possible. It's been very carefully shaped for many continuous hours on the road and it's easily height adjustable between 800mm and 820mm.

CHASSIS	
FRAME	Aluminium beam twin-spar
SWINGARM	Single-sided, cast aluminium alloy with shaft drive
FRONT WHEELS	Cast aluminium 5-spoke 17 x 3.5in
REAR WHEELS	Cast aluminium 5-spoke 17 x 6.0in
FRONT TIRES	120/70 ZR17
REAR TIRES	190/55 ZR17
FRONT SUSPENSION	WP 43mm upside down forks, manually adjustable rebound damping, with 130mm travel. SE - WP 43mm upside down forks, electronically adjustable rebound damping (sport/normal/comfort) with 127mm travel.

ACCESSORIES	DESCRIPTION	PRICE
	<p>Triumph Battery Optimiser (A9930412)</p> <p>Automatic Battery Optimiser for lead acid batteries.</p>	<p>MSRP \$80.00</p>
	<p>Triumph Battery Optimiser (A9930413)</p> <p>Automatic Battery Optimiser for lead acid batteries.</p>	<p>MSRP \$60.00</p>
	<p>Lid Cover Kit, Top Box (A9508156 JI)</p> <p>Triumph lid cover is the perfect finishing touch to use in conjunction with Triumph Top boxes.</p>	<p>MSRP \$150.00 - \$262.50</p>
	<p>Pannier Inner Bag (A9500501)</p> <p>High quality executive inner bag, offered for use with the Sprint GT & Trophy Pannier System. Constructed from durable, high quality nylon with preformed base for added water resistance. Features dual carry handles, detachable padded shoulder strap, subtle union flag stitch detailing, oversized branded zip pulls for ease of use with gloved hands. Sold singularly.</p>	<p>MSRP \$50.00</p>
	<p>Sliding Carriage (A9508161)</p> <p>Sliding Carriage mechanism facilitates mounting of a top box. Features floating mechanism allowing the top box to move independently to ensure the handling characteristics are unaffected, even when fully loaded. Also incorporates an automatic electrical connection when the top box is installed.</p>	<p>MSRP \$225.00</p>
	<p>Top Box - Powered (T2351028)</p> <p>Bespoke Triumph top box featuring high security one key locking mechanism, colour coded lid covers (required separately) and fully weatherproof construction. Offers 55 litres carrying capacity, and can accommodate a full face helmet. Features 12v electrical socket for convenient charging of electrical items.</p>	<p>MSRP \$345.00</p>
	<p>Trophy Tank Bag 15 litres (A9510095)</p> <p>Bespoke Triumph tank bag offering up 15 litres of convenient storage. Mounts via unique hinge lock mounting mechanism with elasticated snap clip. Moulded construction to allow efficient use of space and maintain clearance to controls. Supplied complete with detachable map pocket and weather cover.</p>	<p>MSRP \$155.00</p>
	<p>Top Box Inner Bag (A9500505)</p> <p>High quality executive Top box inner bag, offered for use with the Touring Top Box. Constructed from durable, high quality nylon with preformed base for added water resistance. Features dual carry handles, detachable padded shoulder strap, subtle union flag stitch detailing, oversized branded zip pulls for ease of use with gloved hands.</p>	<p>MSRP \$70.00</p>
	<p>Heated Rider Seat (A9708350)</p> <p>Thermostatically controlled, bespoke heated seats are a must for any serious touring or cold climate use. Featuring switchable temperature settings and high quality heating elements for efficient, comfortable heating with 3D net inserts for optimum comfort. Available for both rider and passenger. Seat height approximately 805/825mm. (adjustable)</p>	<p>MSRP \$390.00</p>

ACCESSORIES	DESCRIPTION	PRICE
	<p>Heated Low Rider Seat (A9708351)</p> <p>Thermostatically controlled, low heated rider seat, a must for any serious touring or cold climate use. Featuring switchable temperature settings and high quality heating elements for efficient, comfortable heating with 3D net inserts for optimum comfort. Approximately 30mm lower than standard equipment. (Seat height 775mm/795mm)</p>	<p>MSRP \$380.00</p>
	<p>Heated Passenger Seat (A9708260)</p> <p>Thermostatically controlled, bespoke Triumph heated seats are a must for any serious adventure touring or cold climate use rider. Featuring switchable temperature settings and high quality heating elements for efficient, comfortable heating with 3D net inserts for optimum comfort. Available for both rider and passenger.</p>	<p>MSRP \$340.00</p>
	<p>Dual Temperature Heated Grips (A9638094)</p> <p>Bespoke heated grip kit designed for use on Trophy. New slim grips with identical appearance to OE parts, with internal wiring for a neater appearance. Integral switch is housed within existing controls.</p>	<p>MSRP \$260.00</p>
	<p>Low Rider Seat (T2304486)</p> <p>Bespoke low rider seat featuring matched high quality fabrics and stitch detailing, coupled with 3d net insets for optimum comfort. Offers a 30mm height reduction. Seat height approximately 775/795mm. (adjustable)</p>	<p>MSRP \$190.00</p>
	<p>Top Box Back Rest (A9500506)</p> <p>Moulded passenger backrest pads for fitment to the Triumph touring top box for additional passenger comfort. Features textured finish and Triumph logo branding. Self-adhesive installation – no other Triumph Motorcycle accessories required.</p>	<p>MSRP \$40.00</p>
	<p>Comfort Passenger Seat (T2308266)</p> <p>Passenger comfort seat unit incorporating 3D net insert for enhanced weight distribution.</p>	<p>MSRP \$170.00</p>
	<p>CNC Machined GPS Bracket (A9828009)</p> <p>Machined aluminium GPS mounting kit designed to accommodate the Garmin Zumo 660 navigation system. (May fit others) Anodised black finish with laser etched detailing. Not suitable for US Specification models fitted with Satellite Radio.</p>	<p>MSRP \$80.00</p>
	<p>Paint Protection Kit (A9930245)</p> <p>Durable, pre-cut paint protection film offers protection for paintwork in high contact areas. The Trophy paint protection kit, includes bespoke protection film panels for the fuel tank, fairings and panniers. Supplied complete with all required installation tools, application solution and full easy to follow instructions.</p>	<p>MSRP \$170.00</p>
	<p>Auxiliary Power Socket Kit (A9828005)</p> <p>Additional auxiliary power socket which plugs directly into the main Triumph Motorcycle harness.</p>	<p>MSRP \$35.00</p>
	<p>Front Mudguard Extension (A9708258)</p> <p>Injection moulded front mudguard extension boasting an additional 105mm of protection. Manufactured from durable textured black ASA. Note: Installation requires drilling of front mudguard.</p>	<p>MSRP \$50.00</p>

ACCESSORIES	DESCRIPTION		PRICE
	High Touring Screen Quantum Coated (T2308811)	High touring screen designed to mount directly onto the Triumph Trophy SE's electronically adjustable screen mechanism. Quantum coated for unsurpassed scratch resistance and optical clarity, with an additional 38mm of width and 25mm height for improved wind protection for rider and passenger.	MSRP \$260.00
