PRODUCT INFO

OVERVIEW

This bike isn't just built to look a certain way, it's built to feel a certain way.

The America is engineered around a unique engine so you get a truly authentic ride. One that connects you to Triumph's long and rich cruiser heritage.

We're talking about its distinctive, air-cooled parallel-twin that gives you the riding experience you expect from this class but with a very individual British flavour.

Taking classic cruiser appeal and blending it with Triumph reliability and everyday practicality.

PERFORMANCE

MAX POWER EC	61 6800
MAX TORQUE EC	72 3300
